

EFFECTIVE

November 1, 2022.

Subject(s)**ADM 950, Post Placement, Adoption Supervision and Finalization Procedures*****Primary Worker Requirements for Health Requirements***

The assigned adoption worker must:

- Update the electronic case management system with the health screens as outlined in FOM 801-1, Health Requirements.
- Send completed informed consent documentation to the Psychotropic Medication Oversight Unit at PsychotropicMedicationInformedConsent@michigan.gov.

Reason: Recommendation from the Adoption Program Office and reflection of communication issuance 21-018.

Notice of Post Adoption Services

When the final PCA 321, Order of Adoption, is received, the child placing agency must inform the family in writing of post adoption services available to assist the family using the MDHHS-5912, Post Adoption Services in Michigan.

Reason: Recommendation from the Adoption and Guardianship Assistance Office (AGAO).
